To Whom It May Concern,

Reference: Dr. John Politis

I have known Dr. John for the past two years in my capacity as Executive MBA (EMBA) Program Chair of the **Centre of Excellence for Applied Research and Training (CERT)** of the **Higher Colleges of Technology** in Abu Dhabi. During this time, John has developed the teaching material and taught **Operations and Enterprise Management (EMBA 625)** and **Managing People and Organizations (EMBA 630)**, which are core subjects of the EMBA program.

Documented evaluations and students' oral feedback strongly support that Dr. John has a strong foundation of knowledge, skills and attributes that significantly assisted students learning. Beyond his credentials, Dr. John has the 'ability to do the job by applying professional preparation and professional development in the service of student learning', he has an extremely effective teaching style, possessing a very good ability to explain difficult concepts, and easily moves around problems and spontaneously changes questions to meet the students' needs. He effectively uses technology and learning tools and resources that ultimately advanced the quality of his teaching. Dr. John has acquired and maintains the authority to teach at the graduate level.

I support that Dr. John is an excellent Professor who has greatly contributed to the quality of the EMBA program, and I believe it will be a privilege for a university/training institution to secure Dr. Politis's services.

Sincerely yours,
