TO WHOM IT MAY CONCERN

I have known Dr. John Politis as a colleague and a friend for almost 10 years.

In my capacity as Chair of Corporate Training and Graduate Studies, I have had the pleasure to work very closely with John.

He is a passionate educator and a star performer in everything he does.

In the new EMBA course at the Higher Colleges of Technology, John was one of the first lecturers. It was remarkable that he did this on top of a heavy work load and that he excelled in his teaching and his student appraisals. John taught the courses of Operations and Enterprise Management (EMBA 625), Managing People and Organisations (EMBA 630) and is due to teach a course on Leadership and Innovation (EMBA 640).

John also undertook high profile projects with the community and worked with the Ministry of Public Works to deliver high quality courses in Project Management. The Deputy Minister was at the graduation of John's students and singled John out for special praise.

John is meticulous, reliable and I will be happy to collaborate with him in the future and highly recommend him for his work, dedication, level of preparation and his relationship with his students.
