1	Dear Sir, I really appreciate the new way of teaching but sometimes we have problem in the internet connection so we couldn't reach or cooperate with the rest of class: so I think its better we have the classes in ILC and on college PCs. Secondly regarding the midterm exam we didn't get any quiz before that and we don't know the way that the teacher puts his questions in my opinion its totally wrong: so we should take a quizzes first instead of directly midterm which worth 25% of final grade and it will drop our GPA. I hope you take my comments into your consideration to avoid what happened.
